

### **Musík Li Pim**

Why learn about plants in Guatemala? Guatemala has 14 ecoregions ranging from Mangrove forests, to both ocean littorals with 5 different ecosystems. Guatemala has 252 listed wetlands, including 5 lakes, 61 lagoons, 100 rivers, and 4 swamps. Tikal National Park, was the first mixed UNESCO World Heritage Site. Guatemala is a country of distinct fauna. It has some 1246 known species. Of these, 6.7% are endemic and 8.1% are threatened. Guatemala is home to at least 8681 species of vascular plants, of which 13.5% are endemic.

### **Musík Li Pim (Spirit Plants For Your Health)**

Mayan Plant Medicine  
and Healing Arts  
Certificate Program

10 day intensive study  
program in Guatemala,  
the Mayan Nation

WINTER 2012 SESSION

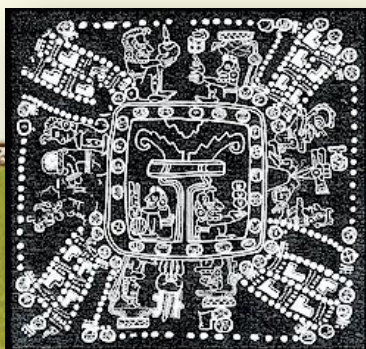

## Musik Li Pim Certificate Program

This 10 day intensive study program is dedicated to bring about the understanding, preservation and knowledge of plant medicine through hands-on experience. This program will also offer a personal experience to understand the Mayan energies and connect with the plant's spirit.

All classes, tour, and herb walk will be given by the elders from the Maya Nation, Guatemala.

### Certificate

Students who complete the course work to a satisfactory standard will be provided a certificate at the end of the program.

## The Syllabus

In this 10 day program you will:

- Stay in a dorm at Coban, where the school is located
- Each morning will begin each morning with a healthy breakfast
- Learn about your personal energies
- Learn about Mayan numbers
- Study up to 20 plants and how to use them as medicine
- Experience a Mayan fire ceremony
- Herb walk

## Dates

**When:** Jan 3<sup>rd</sup> to Jan 12<sup>th</sup>, 2012 -  
July 2012 (no date set)
